

The DNA Song

Lyrics (c) Ellen J. McHenry

Deoxyribonucleic acid
Watson and Crick worked together with Franklin
Learned its shape from x-ray diffraction
Double-helix DNA

**Adenine, thymine, cytosine, guanine,
Adenine, thymine, cytosine, guanine,
Adenine, thymine, cytosine, guanine,
Make the rungs of DNA.**

Repeat these twice.
On the last chorus, the tempo increases.

The DNA Song

Lyrics (c) Ellen J. McHenry

Deoxyribonucleic acid
Watson and Crick worked together with Franklin
Learned its shape from x-ray diffraction
Double-helix DNA

**Adenine, thymine, cytosine, guanine,
Adenine, thymine, cytosine, guanine,
Adenine, thymine, cytosine, guanine,
Make the rungs of DNA.**

Repeat these twice.
On the last chorus, the tempo increases.
